

PATIENT COMPLAINTS POLICY

Here at City Walls Medical Centre we aim to provide a high standard of care and service to you. However, there may be times when you feel that this has not happened.

If you have a complaint or concern about the service you have received from the doctors or any of the personnel working in this practice, please let us know. All constructive criticism and comments are welcome.

We operate a practice complaint procedure as part of an NHS complaints system, which meets or exceeds national criteria.

HOW TO COMPLAIN

We hope that we can sort most problems out quickly and easily, often at the time they arise and with the person concerned. If you are unhappy with the service you have received, please speak to a receptionist who will attempt to deal with your problem and try to resolve any difficulties for you immediately.

Should you remain dissatisfied and feel you wish to discuss your concerns further, please ask to speak to one of the following members of staff:

- Office Manager
- Practice Manager
- Medicines Manager (for repeat prescribing complaints)
- Saughall Office Manager

Verbal complaints are usually resolved in 24 hours. These will be recorded and actioned in written format if resolution is not reached within 48 hours from the time of the complaint being received.

If you wish to make a formal complaint, please do so AS SOON AS POSSIBLE - ideally within a matter of a few days. This will enable us to establish what happened more easily. If doing that is not possible your complaint should be submitted within 12 months of the incident that caused the problem; or within 12 months of discovering that you have a problem.

You should address your complaint in writing to the Practice Manager (you can use the attached form). He/she will make sure that we deal with your concerns promptly and in the correct way. You should be as specific and concise as possible.

COMPLAINING ON BEHALF OF SOMEONE ELSE

We keep strictly to the rules of medical confidentiality (a separate leaflet giving more detail on confidentiality is available on request). If you are not the patient, but are complaining on their behalf, you must have their permission to do so. An authority signed by the person concerned will be needed, unless they are incapable (because of illness or infirmity) of providing this. A Third Party Consent Form is provided below.

WHAT WE WILL DO

We will acknowledge your complaint within 3 working days and aim to have fully investigated within 10 working days of the date it was received. If we expect it to take longer we will explain the reason for the delay and tell you when we expect to finish. When we look into your complaint, we will investigate the circumstances; make it possible for you to discuss the problem with those concerned; make sure you receive an apology if this is appropriate, and take steps to make sure any problem does not arise again.

You will receive a final letter setting out the result of any practice investigations.

IF YOU ARE NOT SATISFIED

If you have a problem, we hope that you will use our practice complaints procedure. We believe this will give us the best chance of putting right whatever has gone wrong and is an opportunity to improve our practice.

If you feel you cannot raise your complaint with us and wish to discuss your concerns further, you can contact the Western Cheshire Clinical Commissioning Group:
